Academic Recommendation

To Whom It May Concern,

I had the pleasure of teaching **Mr. ALHassan Baligh Hassan Mohammed ALShami** in both Cloud Computing and Occupational Ethics. Throughout these courses, he was attentive, curious, and always engaged thoughtfully with the material.

I also acted as **Co-Supervisor** for his graduation project, Object Tracking System, where I observed his ability to think critically, ask the right questions, and implement ideas with precision.

ALHassan is serious about his education and has the right mindset for graduate-level work. I am happy to support his academic pursuits.

Sincerely,

Dr. Hesham Abdo Ahmed Aqlan

NGO/Community Recommendation

To Whom It May Concern,

I've known **Mr. ALHassan Baligh Hassan Mohammed ALShami** during his time as a student, and I can say that he carries himself with integrity and awareness.

His approach during the Occupational Ethics course stood out—he cared about how technology affects people, not just how it works. In his graduation project, I saw him collaborate well with others and stay focused on meaningful goals.

He would fit well in any environment where values, teamwork, and real impact matter.

Sincerely,

Dr. Hesham Abdo Ahmed Aqlan

Employment Recommendation

To Whom It May Concern,

I'm writing to recommend **Mr. ALHassan Baligh Hassan Mohammed ALShami** for a position in the tech or IT field. I've seen his work firsthand during the Cloud Computing course, and later when I co-supervised his final project.

He is dependable, technically capable, and thinks in terms of solutions. ALHassan doesn't hesitate to take initiative or handle responsibilities independently.

Any organization that values commitment and a problem-solving attitude would benefit from having him on board.

Best regards,

Dr. Hesham Abdo Ahmed Aqlan
