Academic Recommendation

To Whom It May Concern,

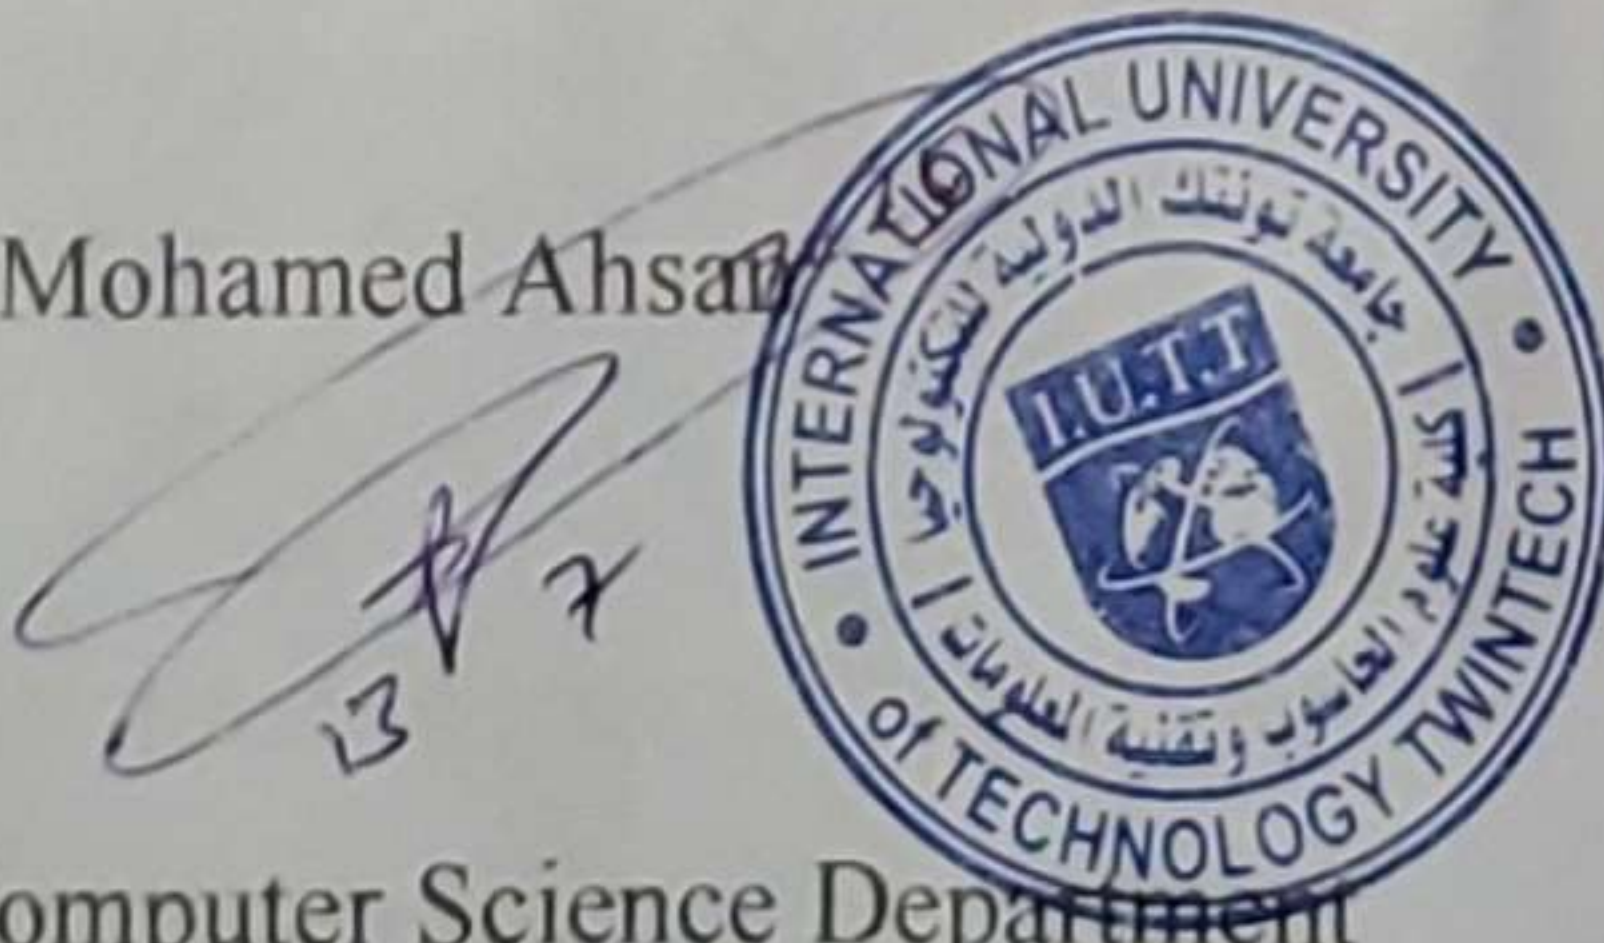

I am pleased to recommend Mr. AlHassan Baligh Hassan Mohammed Alshami, a former student of mine at the Faculty of Computer Science & Information Technology.

I supervised Al-Hassan in several core courses, including Artificial Intelligence and Machine Learning, and I had the opportunity to supervise his graduation project titled "Object Tracking System," where he demonstrated strong technical skills, clear focus, and the ability to work independently on a complex real-world challenge.

He is a motivated learner with a disciplined mindset and shows strong potential for graduate-level study.

Sincerely,

Dr. Amin Mohamed Ahsan

Head of Computer Science Department

NGO/Community Recommendation

It is my pleasure to recommend Mr. AlHassan Baligh Hassan Mohammed Alshami, who studied under my supervision at the Faculty of Computer Science & Information Technology.

Al-Hassan has always shown a strong sense of responsibility and a genuine interest in collaborative and community-focused activities. He is respectful, dependable, and quick to adapt to team-based work.

I believe he would be a valuable addition to any organization focused on social impact or community development.

Sincerely,

Dr. Amin Mohamed Alshami

Employment Recommendation

To Whom It May Concern,

I am pleased to recommend AlHassan Baligh Hassan Mohammed Alshami, who was my student at the Faculty of Computer Science & Information Technology.

Al-Hassan consistently demonstrated reliability, strong technical abilities, and professionalism in class projects and discussions. He is quick to learn, communicates clearly, and works well both independently and in teams.

I am confident in his ability to perform well in a professional environment and contribute effectively to any organization.

Sincerely,

Dr. Amin Mohamed Alshami
